

# Experience the Transformative Power of Art

## Winter Workshops at the New Triangle Art Studio B in Bethesda

During turbulent times, creating art can provide a sense of positivity and renewed energy! These small, relaxed workshops will emphasize expression over product, and regardless of your level of experience, you will leave each class with art that is beautiful, distinctive and made by you!

Workshops will take place at the new Triangle Art Studios, Studio B, 7711 Old Georgetown Rd, Bethesda, MD 20814. Park in the county garage next door. The parking rate is \$1.00 an hour, and free on weekends.
